The Honorable Hugh Scott

My dear Senator Scott:

Thank you so much for sending me Bill Hildenbrand's memo summarizing some interesting observations during the China trip. This information is of particular interest to us and I very much appreciate your thoughtfulness in sending it to us.

I would like to renew our invitation for you to come out for a breakfast or lunch if and when you can spare the time. We would like to get the benefit of your impressions from your China trip and would be happy to tell you something of what is going on in the Agency these days. Please let us know when you can fit a visit with us into your schedule.

Sincerely,

SIGNED
